CSFC OB phenol

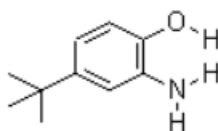

Specification

Chemical Name 2-Amino-4-tert-butylphenol

Molecular Formula C₁₀H₁₅NO

Molecular Weight 165.23

Structure

CAS Number 1199-46-8

Specification Appearance White to hoar crystalline powder

Assay % (HPLC) 98.5min.

Melting range °C 162-164

Ash content % 0.5max.

Water content % 0.5max.

Packing 25 kg net / kraft bag

Application It can be used to make products such as fluorescent brighteners
OB,MN,EFT,ER,ERM,etc .
